Highlights from the 32nd Annual San Antonio Breast Cancer Symposium to be held January 23rd

Georgia CORE is pleased to announce that Breast Cancer 2010: Advances in Science, Emerging Data and Novel Therapeutics: Highlights from the 32nd Annual San Antonio Breast Cancer Symposium will be held on January 23, 2010 at the W Hotel Buckhead. The meeting is sponsored by Imedex and endorsed by Georgia CORE and the Winship Cancer Institute of Emory University.

This educational activity will provide expert reviews of key abstracts, clinical research and scientific data released from the San Antonio Breast Cancer Symposium. An audience response system will allow participants to interact during the question and answer periods. This educational program is intended for medical oncologists, radiation oncologists, surgical oncologists, pathologists, and other healthcare providers involved or interested in the diagnosis, treatment, and management of patients with breast cancer.

Continuing Medical Education

Imedex, LLC is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. Imedex, LLC designates this educational activity for a maximum 3.5 of AMA PRA Category 1 Credits™.

New! Prostate and GU Cancer Working Group Video Podcasts

The introductory meeting of the Prostate and GU Cancer Working Group was held on October 20, 2009. The meeting was sponsored by the Georgia Society of Clinical Oncology and Genetech. Vasily Assikis, MD, Piedmont Hospital, Peachtree Hematology Oncology Consultants and Omer Kucuk, MD, Winship Cancer Institute are co-chairs of the Prostate and GU Cancer Working Group. The purpose of the Working Group is to develop protocol concepts for Investigator-Initiated studies that benefit patients state-wide, prioritize available prostate and GU cancer trials, discuss case presentations and expand access to prostate and GU cancer trials.
